VADIM SURIN

995-599-638-590 | vadim.surin.job@gmail.com | linkedin.com/in/vadimsurin

5+ years transforming data into insights and actionable recommendations through data pipelines. I have extensive knowledge of data tools and techniques such as Python, SQL, and Power BI. I have successfully led and collaborated with cross-functional teams on various projects involving data collection from a variety of data sources, cleaning, visualization, modeling, and reporting. I'm always eager to learn new skills and tools to enhance my data analytics engineering capabilities and better meet the needs of shareholders

SKILLS

Technical skills: Python (Django, Selenium, BS4, Pandas), SQL (PostgreSQL), Power BI (DAX, M language), Git (GitHub)
Languages: Business English, basic Deutsch and native Russian

EXPERIENCE

Data Engineer
S-Cap DMCC (s-cap.info) – UAE multi-family office fund
Apr 2022 – Present

Responsibilities:
- Developing data pipelines for business needs

Key accomplishments:
- Developed Django application for concierge service accelerated concierge work by 20%
- Developed application combining multiple news sources into a single feed for a portfolio manager

Data Analyst
Structuring Department — Imperial Fund (imperialfund.com) — USA hedge fund
Aug 2019 – Apr 2022

Main accomplishments:
- Managed a cross-departmental data pipeline project with 4 sources: SSSR files, xlxs. files from Outlook emails, internal MSSQL server and data in cloud folders in xlsx. This accelerated the information on the loan portfolio by 10 times faster
- Increased company turnover by 3x after applying Power BI report (visual information was used to obtain a $200M credit line)
- Led a cross-departmental project to create an application to quickly work with data at the stage of closing a deal in the market, which allowed the company to double the speed of working with counterparties

Junior Data Analyst
Data Department — Imperial Fund (imperialfund.com) — USA hedge fund
Jun 2019 – Aug 2019

Main accomplishment:
- Highly regarded by the former head of a rating agency (KBRA) unique database of deals collected from 2 industry sources with no open API (BBG MBS, IntexCalc)

Lecturer (Bloomberg Terminal and Data)
Bloomberg Data Laboratory in FinU (mfl.fa.ru) — EdTech
Jan 2018 – May 2019

Achievements:
- Created 5 full path guidelines about Bloomberg Terminal for students for different functions
- Training on "How to best use the Bloomberg Terminal?" has been provided to over 100 people

Analyst
Stasis (stasis.net) — EU crypto Fund with stabelcoin to Euro
Mar 2017 – Dec 2017

Achievements:
- Prepared more than 15 analytical reports on the ICO projects
- Determination of the end point of the business cycle on the cryptocurrency market - 12/17/17

EDUCATION

Bachelor in Finance
FinU (en.fa.ru) – The leading University in the CIS in Financial markets and Data
2017

Achievements:
- Captain of the student team in the CFA IRC — top 5 teams in the CIS. High quality of presentation and pitching
- In my first year at University, I was hired as a research assistant in the Bloomberg Data Laboratory
